Waste Management Policy

Jan 2023

As a recycling company Savanna Rags International Ltd. is committed to ensuring that all of our waste is disposed of in the most appropriate and environmentally friendly manner.

When determining priorities for the allocation of resources, waste management objectives shall be given equal consideration with all other objectives.

All managers and employees have duties and responsibilities under this policy and in order to ensure these are met, regular review of waste management performance will be carried out.

Aims of this policy

Savanna Rags International Ltd. recognises that processing waste correctly in order to protect the environment requires commercial activity to be undertaken with our waste management objectives in mind. Savanna Rags International Ltd. Is fully committed to the best waste management practices and takes full responsibility for its environmental impact.

To achieve this objective, Savanna Rags International Ltd. is:

- Compliant with all waste management legislation at all times, ensuring that where possible Savanna Rags International Ltd. lead on best practices
- Ensuring that all health & safety, fire safety and infection control risks are reduced and where possible mitigated
- Compliant with our own *Environmental Management Policy* to ensure that minimal waste is produced during Savanna Rags International Ltd.'s processes
- Ensuring that waste management controls and assurances are in place for all commercial activity
- Minimising our output of hazardous waste where possible and following our duty of care when producing / handling hazardous waste
- Ensuring that all waste containers are in good condition so that no waste can escape
- Ensuring that any waste material that Savanna Rags International Ltd. is unable to recycle is moved onto local 3rd parties who will further recycle and control the waste, diverting it from landfill where possible. Further to this we will ensure all waste processors:
 - Have a valid waste carriers license

- Provide us with a waste transfer note
- Are transparent with the end point of the transferred waste
- Ensure any waste destined for landfill is pre-treated
- Storing all recyclable material in such a manner that it is protected from the elements and does not become waste
- Monitoring and setting targets on the management of any recyclable or reusable waste
- Ensuring that all waste is correctly segregated to ensure maximum recyclability
- Keeping waste transfer notes for at least 2 years, including consignment notes for hazardous or special waste
- Disposing of any electrical waste with accordance to WEEE regulations by:
 - Monitoring which electronic items are covered by WEEE regulations
 - Storing WEEE items separately from normal waste
 - Keeping records of any WEE items disposed of
 -

Savanna Rags International Ltd. adheres to the *recycling hierarchy* in all our operations to ensure that all waste is disposed of in the most environmentally appropriate manner.

Policy objectives

The environmental management system will develop over time so that all key issues pertinent to the company will be addressed. The environmental management system will pay close attention to the policy objectives and supporting programs.

All members of staff at Savanna Rags International Ltd. have a responsibility and legal duty of care to comply with this policy and it's associated procedures. Staff members

are urged to report any incident of non-compliance with this policy and to consider any further methods of recycling that may be applicable to the business.

This policy was reviewed and approved by Savanna Rags International Limited's management team on 04/01/2023.
